by me

Access Recreation's Made by Me group is an exciting hands on program where participants learn about designing, creating and making their own products.

Made by Me is a place for participants to explore, discover and create with a range of art and craft materials and methods in a safe, fun and social environment for all participants.

From recycling to upcycling, participants have been involved in creating bags and aprons, wearable art and other decorations for the home. The group also enjoy visits to community events.

This is a great program to give all involved some new creative skills, understand budgeting, explore their imagination and encourage their creative minds.
